

Sigma range is designed to allow cash and valuables to be deposited into a secure environment without the need to open the safe.

Sigma Deposit

BURGLARY-RESISTANT PROTECTION

Key Features

- Door is made of 8mm steel.
- Body is made of 3mm steel.
- 25mm diameter steel horizontal operating bolts secure the door.
- An anti-fishing device prevents deposits from being removed once deposited.
- Shelf supplied as standard.
- Sigma Free Standing Deposit Safes come in three lock options:
 - Double bitted 8 lever key lock
 - Chubb safes own programmable electronic lock
 - A dual control key and electronic lock
- An anchoring kit is supplied so the safe can be securely base or rear fixed to resist unauthorised removal once installed.
